		Total costing for 2017/18 = £19146						

		Available funding= £19540                      available funding- total costing = £394                      This money to be kept aside and spent on items that will need replacing as the year progresses due to damage or loss.
--	--	---

Sustainability:

1. Enough funding has been set aside to make sure that the clubs will run until the penultimate week of the academic year and provide access to a range of sporting opportunities to which children may previously not have encountered. Children who access these clubs will then be signposted to clubs in the community.
2. PE co-ordinator is to work alongside class teachers to ensure that they are confident teaching children the sporting activities that they will be participating in during the inter school competitions. These events will then form part of the Cadland sports calendar annually.
3. Links to be made with schools that we play this year at sporting fixtures to make sure that the same fixtures can take place in following years.
4. Buying in to the NFSSP competitions package means that our school will have access to well organised competitions all year long.
5. Dates will be arranged for the intra school competitions by the deputy head and the PE coordinator and placed on the school calendar.
6. Real Gym lesson will be added to the curriculum map ensuring that all children are exposed to gymnastics. The school has an agreement with two highly qualified gym coaches to run the gym clubs. These in turn will see our school enter gymnastic competitions, guided by the coaches.
