

Cadland Primary School Autumn Term 2

Year 2 News!

In Science this half term we will be continuing to explore different materials, focusing on performing a fair test and the different ways of gathering and collecting information.

We will also be looking at two great explorers, Neil Armstrong and Christopher Columbus. What can you find out about them?

In the build up to Christmas our RE day will look at 'Angels' and the role they have in the Christmas story. We will also look at different perceptions of what an Angel is.

This half term our theme is
Are we there yet?

For our DT this term the children will be making a moving vehicle with wheels. They will need to bring in a small shoe box, cracker box or cereal box.

Home Challenge!
Year 2 will have many songs and lines to learn for our Christmas show. The more they practise, the more confident they will be!

Theme
As part of our Theme we will be looking at how transport has changed over the years and how different explorers use different modes of transport.

Year 2 useful information!

Games: As the weather gets colder can we please encourage you to make sure your child has a jumper and tracksuit bottoms as part of their PE kit. Unless it is raining, we will still be going out!

Christmas Show: The Key Stage 1 Christmas Show will take place on the 13th (adults only) and 14th (toddlers welcome) of December. More information will follow nearer the time.

Year 2 open sessions: We would like to invite you to join us on Wednesday 14th November at 2pm to share our Beaulieu Motor Museum recounts, look at the pictures, create a timeline of vehicles and design a car of the future.

Homework: Sumdog is up and running. Your child will be set spelling and maths activities each Thursday linked to their learning in school. We hope you enjoy this fun way of learning.

Striving together to be super STAR learners
