

Cadland Primary School Autumn Term 2

Year 4 News!

Our Science topic for this term is Electricity. We will construct circuits, draw diagrams and then use these to create electronic games.

Saxons and Vikings is continuing to be our History theme. There are links to lots of other subjects - Art, DT, English, Drama and ICT.

In our English lessons, we will be watching a scene from 'Harry Potter & the Philosopher's Stone'. We will then use this to write some persuasive letters and an invisibility cloak chronicle. This film is a PG although the section we plan to watch does not contain anything we deem inappropriate for children. However, if you do not want your child to watch it then please do let us know.

This half term our Theme is
'Saxons and Vikings'

In ICT we will be creating a PowerPoint presentation that will show whether or not the Vikings were as vicious as we thought.

In DT, we will be making a Viking Longboat. We will do this over the course of one day later on in the term.

Year 4 useful information

Don't forget that the prize draw to win a reading book takes place every Tuesday. All your child has to do to receive a raffle ticket to enter the draw, is to read to an adult 4 times in that week.

Also remember that if your child reads 4 times every week for a whole term then they will be invited along to the cinema as a reward for all their hard work and effort.

Dates for your diary:

D+T day 7.11.18

Hockey Tournament (parents in to watch) 10.1.19

Dragon Art day 12.11.18

Every Thursday, this half term we will be working with coach Ross, from Applemore, to improve our hockey skills. Please ensure that your child has their full PE kit (including trainers) in school every day.

Striving together to be super STAR learners
